

# Cookie Policy

## How We Utilise Cookies on Our Website

Across our website, we employ cookies to enhance performance and improve user experience. This policy elucidates the methods employed to achieve this.

### **What are cookies?**

Cookies are diminutive text files that a website might place on your computer or mobile device during your initial visit to a site or page. These cookies aid the website, or another site, in recognising your device upon subsequent visits.

Various functions are fulfilled by cookies, such as remembering your username and preferences, analysing the performance of our website, or facilitating recommendations for content that is likely to be most pertinent to you.

While certain cookies may contain personal information, like storing your username when choosing the "remember me" option during login, most cookies do not collect information identifying you. Instead, they gather more general information, such as the means by which users access and utilise our websites or a user's approximate location.

### **What types of cookies do we employ?**

We utilise cookies for different purposes:

1. **Essential Cookies** Some cookies are vital for the functionality of our website. For instance, certain cookies enable us to identify registered users and ensure their access to secure pages. If a registered user chooses to disable these cookies, access to these pages will be restricted.

2. **Performance Cookies** Other cookies are used to analyse how visitors navigate our websites and monitor overall website performance. Performance cookies track popular pages, effective linking methods between pages, and identify reasons for error messages on specific pages.
3. **Functionality Cookies** Functionality cookies help us remember your preferences, such as currency or language preference, items in your basket or wish list, and enable features like commenting on our blog.

### **Does anyone else use cookies on our website?**

No.

### **Can a website user block cookies?**

Yes, but as elucidated earlier, cookies enhance your experience on our website. If you opt to disable our cookies, refer to the instructions in our "How to Manage Cookies" section below. Keep in mind that disabling cookies may lead to certain sections of our website not functioning properly.

### **More Information**

Additional details on how websites employ cookies can be found at [www.allaboutcookies.org](http://www.allaboutcookies.org).

### **How to Manage Cookies**

*Google Chrome:*

1. Click on the Tools icon in the browser.
2. Select Options.
3. Click the Under the Hood tab in the left-hand menu.

4. In the Privacy section, select the Content settings button.
5. To enable cookies, choose the Allow local data to be set option.
6. To disable cookies, choose the Block all cookies option.

*Microsoft Internet Explorer 6, 7, 8, and 9:*

1. Click on Tools at the top of your browser window.
2. Select Internet Options.
3. In the options window, navigate to the Privacy tab.
4. To enable cookies, set the slider to Medium or below.
5. To disable cookies, move the slider to the top to block all cookies.

*Mozilla Firefox:*

1. Click on Tools in the browser menu.
2. Select Options.
3. Choose the Privacy panel.
4. To enable cookies, check Accept cookies for sites.
5. To disable cookies, uncheck Accept cookies for sites.

*Safari on MAC OSX:*

1. Click on Safari in the menu bar.
2. Select the Preferences option.
3. Click on Security.

4. To enable cookies, in the Accept cookies section, select Only from sites you navigate to.

5. To disable cookies, in the Accept cookies section, select Never.

*All other browsers:* Please use the Help function in the browser or contact the browser provider.
